Important Issues in Online Instruction

The Ops Committee has identified a number of issues that should be addressed in online instruction at the UNM-Gallup campus (taken from the concerns voiced by Assembly members at the April 12th, 2019 Faculty Assembly meeting). As well, beneath these concerns are two blank lines for all faculty members to list concerns about online instruction that they do not think are covered by the ones already listed and would like to see addressed. Please rank these issues, including the ones you add, in their order of importance, where 1= most important.

Rank # _____: Ways to determine percentage of online courses/faculty and division chair control over course delivery methods

Rank # _____: Need for continuous assessment of online courses to ensure that they are meeting the highest standards—including assessment of retention,
